

Building Division

The Community Development Department's Building Division ensures compliance with building codes and to help foster a built environment that is healthy, sanitary, and safe. Our responsibilities include:

- **reviewing** construction drawings & related files for compliance
- **issuing** building permits for residential and commercial construction
- **inspecting** construction work on sites for consistency
- **reporting** construction activity to relevant agencies

For several types of plan reviews and inspections, we are supported by staff from the City of Gresham.

Online Services

With the City of Troutdale's **Citizen Self Service (CSS) portal**, you can apply for permits, schedule inspections, search department records, receive fee estimates, and more! Click [here](#) to register an account or contact our office for more details.

Meeting with Us

Please note we are closed from 12 p.m. to 1 p.m. for lunch.
