

April 4, 2024

Regular Meeting | 6:30 p.m.

Troutdale Police Community Center – Kellogg Room
234 SW Kendall Ct, Troutdale, OR 97060

Agenda

- 1.** Call to Order & Roll Call
- 2.** Pledge of Allegiance
- 3.** Public Comment
- 4.** Approve March 7, 2024 meeting minutes
- 5.** Report from Gresham Fire Department & discussion on CERT and Scout Explores – *Chief Scott Lewis*
- 6.** Review of monthly law enforcement reports from March
- 7.** Gresham Fire inspection fees
- 8.** Burn ban in Troutdale
- 9.** Update on Safety Survey
- 10.** Discussion on red light cameras
- 11.** Update on next month's agenda
- 12.** Confirm Next Meeting Date – *May 2, 2024 at 6:30pm*
- 13.** Committee Member Comments
- 14.** Adjournment

Participation

The public may attend the meeting in person or via Zoom. Please email info@troutdaleoregon.gov to request Zoom meeting access credentials.

This meeting location is accessible to persons with disabilities. A request for an interpreter for the hearing impaired or for other accommodations for persons with disabilities should be made at least 48 hours prior to the meeting to: info@troutdaleoregon.gov or 503-674-7258.

DRAFT

**MINUTES
Troutdale PSEAC
Troutdale Police Community Center – Kellogg Room
234 SW Kendall Court
March 7, 2024 – 6:30PM**

1. CALL TO ORDER & ROLL CALL

PSEAC Chair called the meeting to order at 6:30pm

Roll Call/In attendance:

PRESENT: Chair Victoria Rizzo, Vice-Chair Woodrow Terrell, Carol Allen, Shelby Staffenson, Twilla Harrington, Mary Howell, Sherilee Winters

ABSENT: Wade Bakley

STAFF: Captain Doug Asboe, Daniel Maia, Ray Young

GUESTS: Jason Gates, Troutdale resident; Paul Wilcox, Troutdale resident; and Sandy Glantz, City Councilor.

2. PLEDGE OF ALLEGIANCE

The committee and attending public recite the Pledge of Allegiance.

3. PUBLIC COMMENT

Jason Gates, Troutdale resident, discussed a potential hazard with the flashing yellow left turn lights going East on Stark Street and turning left (north) onto 257th. The line of sight is poor and dangerous for vehicles as well as pedestrians crossing the street while the yellow light is flashing. An easy fix would be to take away the flashing yellow light.

Ray Young, City Manager, stated Multnomah County controls that intersection. That is one of 2 places that he has suggested the Committee may want to consider recommending red light cameras at that intersection.

4. PRESENTATION ON CITY'S EMERGENCY PLAN

Ray Young, City Manager, stated that the Emergency Operation Plan (EOP) is the City document that lays out how the City will operate during emergencies and who is in charge of doing what. The City's current EOP is dated in 2010 and is very outdated and needs to be reevaluated. Through the work of Troutdale Councilor Glantz and Fairview Councilor Lawton, they were able to get a \$200,000 for the 3 cities to update the EOP. He is currently looking for a consultant to assist in preparing an updated EOP however he is having a hard time obtaining at least 3 bids needed for the procurement process. The only bid received is from Stantec Consulting with a bid around \$120,000 to do the EOP for each of the 3 cities including a tabletop exercise and the additional monies would be used for education of the citizens. The

procurement needs to get done and then we can begin working on it. It's about a 5 to 6 month process to come up with a plan for the 3 cities.

Committee questions:

- Twilla Harrington stated that in her line of work they do yearly hazard vulnerability assessments and wanted to know if there are standards to do those at a frequency as a city?
 - Ray Young responded when it comes to a natural hazard mitigation plan, he believed they had to be done every 5 years.
- Woodrow Terrell stated his background touches on this topic and he would love to assist in any way. Prior to moving here he was the CFO to his local Federal Executive Board (FEB) which is a board that coordinates emergency action which is the national structure of disaster recovery.
- Carol Allen stated years ago she was involved in a CERT (Citizens Emergency Response Team), do we have that here?
 - Ray Young replied no we don't. It has been discussed but a group of citizens that want to take charge of it is needed. The most important thing citizens can do is to know your neighbors. In an emergency, you may only have them to help you. He thought this would be a great thing to bring up to Gresham Fire Chief Lewis when he is at the next meeting.
- Woodrow Terrell asked Ray if he could add a Scout Explorer fire post to what he discusses with Chief Lewis?
 - Ray Young replied ok.

Ray Young gave an update on what the Public Safety Services Delivery Working Group has been working on:

- Law Enforcement Services:
 - Working with a consultant to create a budgetary scenario to recreate the Troutdale Police Department and what it would cost to pay for it on an annual basis.
 - Taking our current contract with the Multnomah County Sheriff's Office and make some changes (increasing the Chief position from .66 FTE to a 1 FTE position, increase the .5 FTE Beach Deputy to a 1 FTE 2nd Community Resource Deputy, and giving the Chief more involvement in supervising the CRD and our Code Compliance Officer). , and request a bid proposal for what the next 10 year contract would look like.
- Fire Services:
 - Working with consultants to create a budgetary scenario for us to create our own Fire Department, a 3 cities Fire Department, or to join a Fire District.
 - Mike McKeel with Fire District 10 will come to the next meeting to discuss what a Fire District is and he will be speak at the next Fire District Board meeting.

Ray Young discussed the current battle going on in Multnomah County regarding ambulances. He suggested that the Committee review the March 12th Council packet online to get all of the information that you'll need to know about the dispute that is going on. The primary problem is that Multnomah County is one of the few jurisdictions in all of the United States that requires two Paramedics per ambulance. Most areas require one Paramedic and one EMT. The problem is that it is hard to find and hire Paramedics, so they are understaffed by 35%. The

result is that ambulances don't show up until very late. The Council is going to be asked to pass a resolution calling on the County Commission Chair to immediately allow for a pilot program with AMR to staff some of the ambulances with one Paramedic and one EMT and see how it goes.

Ray Young let the Committee know that Councilor White has asked for the City Council to discuss the potential narrowing of 257th through the County's safety upgrades on Tuesday night.

5. APPROVE FEBRUARY 1, 2024 MEETING MINUTES

MOTION: Carol Allen moved to approve the February 1st minutes. Twilla Harrington seconded.

Motion passed unanimously.

6. REVIEW OF MONTHLY LAW ENFORCEMENT REPORTS FROM FEBRUARY

- Captain Asboe discussed the Law Enforcement Reports
- Items of Note:
 - Increase in calls for services from last month as well as the previous years average. The largest increases were to traffic stops and theft calls.
 - Increase in stolen vehicles reported with some were in similar areas and Deputy Bohrer will be working to review those reports for patterns or possible suspects.
 - There were 19 detective cases assigned out of Troutdale.
- Committee Questions:
 - Sherilee Winters: Calls for serve log, #3 shows response time of 12 minutes and 55 seconds to an assault with a priority 2 call, it seems like most of the other calls have a faster response. Do you have any indication on why it would take that long?
 - Captain Asboe: No but it's very likely that our deputies could have been tied up on another call that required multiple deputies at a different location. We have mutual aid agreements and if our deputies are tied up on calls, priority calls will still get responded to. Those mutual aid officers may come for a different location and it may take longer for them to arrive that it would normally.
 - Twilla Harrington: At the end of summer we had the person(s) who were knocking down signs around Troutdale. She is noticing more signs down. Did that person(s) get caught?
 - Captain Asboe: That case is still open. He had not gotten any reports of signs knocked down for a long time and is equating that to school starting but is not sure. If you are aware of any signs down, please report them.

7. DISCUSSION OF 257TH IMPROVEMENT PROJECT

Key Items Discussed:

- Victoria Rizzo: The Committee that Ray said this topic would be on the next Council agenda and members are able to attend and make public comment. She also mentioned

a report that Multnomah County shared that said roads with freight truck traffic should not have lanes narrowed and they are not following that.

- Shelby Staffenson: She thought the group was concerned enough that the Committee should write something formally expressing their concerns about lane narrowing. She asked if the Committee should make a formal statement to present to the City Council? Mary agreed. Twilla supports a letter that can be signed but on the fence on this topic. Carol thinks they should.
- Twilla Harrington: The County came to the Citizens Advisory Committee a couple of times about 2 years ago and presented back then.

MOTION: Carol Allen moved that the Committee write a letter to present at Public Comment to City Council on Tuesday night regarding our concerns of the corridor safety improvements on 257th. Seconded by Shelby Staffenson.

VOTE: Carol Allen – Yes; Woodrow Terrell – No; Shelby Staffenson – Yes; Victoria Rizzo – Yes; Twilla Harrington – No; Mary Howell – Yes; and Sherilee Winters – Yes.

Motion passed 5-2.

- Concerns to put in the letter included:
 - The documentation contradicts the narrowing of lanes in a freight corridor
 - Narrowing of lanes impedes emergency vehicles
 - The crosswalks don't take a holistic approach
 - No data collected on actual bike usage/traffic study
- Carol Allen, Victoria Rizzo, Shelby Staffenson, and Woodrow Terrell will be attending the Council meeting and Mary Howell is also going to try to be there.

8. UPDATE ON SAFETY SURVEY

MOTION: Carol Allen moved to table the conversation on the safety survey until the April 4th meeting. Seconded by Woodrow Terrell.

VOTE: Carol Allen – Yes; Woodrow Terrell – Yes; Shelby Staffenson – Yes; Victoria Rizzo – Yes; Twilla Harrington – Yes; Mary Howell – Yes; and Sherilee Winters – Yes.

Motion passed 7-0.

9. UPDATE ON NEXT MONTH'S AGENDA

1. The Gresham Fire Chief will be coming and presenting the reports that were presented to Council as well as a few other items. The Committee can ask about CERT and Scout Explorers.
2. Safety Survey
3. Red light cameras was asked to be looked into.

10. CONFIRM NEXT MEETING DATE – APRIL 4TH, 2024 AT 6:30 PM

Meeting confirmed for April 4th at 6:30 PM.

11. COMMITTEE MEMBER COMMENTS

- Mary Howell: Thank you, it was a good meeting.
- Sherilee Winters: We may need other cameras because there will be more accidents (joking). Great meeting.
- Shelby Staffenson: Thank you for patience while I wrote letter. Great meeting. Thank you, Sandy and Paul, for joining. Have a good month.
- Woodrow Terrell: Thank you survey committee; the survey looks great.
- Carol Allen: Feel like we had a good meeting tonight. Survey looks awesome. Spring break at the end of the month, yay.

12. ADJOURNMENT

MOTION: Twilla Harrington moved to adjourn. Seconded by Carol Allen.

Motion passed unanimously.

Meeting adjourned at 8:49 PM.

Victoria Rizzo, Chair

ATTEST:

Sarah Skroch, City Recorder

STAFF REPORT

SUBJECT: Discussion: Gresham Fire Department Burn Ban and other suggested Municipal Code Updates

MEETING TYPE:	City Council - Regular Meeting	MEETING DATE:	March 12, 2024
PRESENTER:	Battalion Chief Shawn Durham and LT. Brandon Baird	DEPARTMENT / AFFILIATION:	Gresham Fire Department
ACTION REQUIRED:	Information / Discussion	PUBLIC HEARING:	Yes
COMMITTEE / COMMISSION RECOMMENDATION:	N/A		
STAFF RECOMMENDATION:	None Forwarded .		

Exhibits:

- A. New TMC Chapter 15.12.100-Bans Backyard Burning
- B. Fire Inspection Fee Schedule for Gresham, Fairview and Wood Village
- ~~C. Suggested Updates to Troutdale Municipal Code Chapter 15.12~~

Subject Relates

- Council Goals
 Legislative
 Land Use / Development
 Other

Discussion Points:

- Should the City enact a Fee Schedule for Fire and Life Safety Inspections
- If so, what should be the amount of the fees.
- Should the City update its reference to the Oregon Fire Code to the most recent iteration
- Should the City ban backyard burning of debris and manmade materials
- Would any such ban improve air quality and safety

Background:

The City is currently being provided fire protection services under an Intergovernmental Agreement (IGA) by the City of Gresham. The fire IGA was a “joint” contract which included services to Wood Village and Fairview also. In addition to fire and emergency services, the Gresham Fire Department (GFD) also provides fire code enforcement, fire related plan review and fire inspection services. The GFD desires

consistent fees, codes, and enforcement across all 4 cities. To that end, the GFD is requesting that the City update its code regarding the current Oregon Fire Code, backyard burning and a fee schedule for inspection services.

Backyard Burning

Currently the City follows the dictates of the Oregon Fire Code and the Oregon DEQ “burn days” to govern when a person may burn materials on their property. DEQ already prohibits backyard burning west of 181st because of increased concerns around smoke inhalation and health, fire risk concerns; and because we have additional options for yard debris disposal. We currently have no specific code section that restricts backyard burning beyond that. The GFD would like the City to adopt a backyard burn ban in accordance with Ex A.

Both Fairview and Gresham have enacted a similar backyard burn ban. The Wood Village City Council has discussed it and seem in favor of it. They have asked staff to do some community outreach before they consider the ordinance change. They anticipate having it on their agenda this summer for a First Reading. For Spring burning they are still allowing days as designated by DEQ, but anticipate that by the fall season they will have enacted an ordinance similar to Fairview and Gresham.

GFD is requesting that we put the backyard burn restrictions in place to improve air quality and to support a healthy environment. It also reduces the risk of “wildfire” due to burns that get out of hand. The impact of backyard burning on adjacent neighbors has only intensified as our community becomes denser due to increasing infill, smaller lot sizes, and the upcoming middle housing.

Fire Fee Schedule

When the City Council adopted code section, “15.12.090 - Fire safety inspection program” in 2007 it contained this phrase multiple times, “... pay a fee ... established by council resolution”. However, the City Council never passed a resolution setting a fee schedule pursuant to the Code. GFD is requesting that we adopt a fee schedule consistent with the fee schedule in Gresham, Fairview and Wood Village. That fee schedule is attached as Ex. B.

The fees paid by the businesses for a fire inspection would be subtracted from the money Troutdale pays GFD under the Fire Service IGA. Each July 1 beginning on July 1, 2024, the fees set out in Exhibit B should be indexed by 5%. The fees set out in Exhibits B should then be automatically adjusted each July 1 thereafter, continuing in 2025 and 2026.

Code Chapter 15.12- Fire and Life Safety Code Update

The City’s Municipal Code includes chapter 15.12 regarding “Fire and Life Safety”, which mostly refers to the State’s Fire Code. The state Fire Marshal tends to update the state code every three to five years. The City last updated its Fire and Life Safety Code in 2007, and specifically references as our code authority the “Oregon Fire Code (OFC), 2007 edition”. We locked our code into the 2007 version, and we have not

updated it since. The language, proposed by GFD stops our code from being locked into what is, and would continue to be, an older version of the code. The intent, with the new language, is to make our code adaptable to the state’s code, which would remove the need to revise the City’s code every time there was an update to the State’s code.

Additionally, GFD recently reviewed the City’s code and found other areas to update to keep it consistent with the State’s code. Most of the revisions were around affirmative statements about following the state’s code as amended and code reference updates. The revisions do not alter how the City performs this work, but rather updates the code to follow how the City and its partners currently enforce the code. A tracked change version of these code amendments is attached as Ex. C.

Conclusion

After the presentation by Chief Durham, City staff would like direction from Council on what code changes to bring back to the Council for a first and second reading.

Proposed Backyard Burn Ban

New TMC Chapter 15.12.100, of the Fire and Life Safety Code

15.12.100 - Unlawful Burning

A. No person may:

1. Burn yard debris or any type of material on any single or multiple family property within the City of Troutdale.
2. Burn at any time any manmade material; rubber; plastic; garbage; construction materials; petroleum-based materials; or any other product for which burning is prohibited by the Department of Environmental Quality.
3. Conduct any type of burning during a declared fire season.
4. Set on fire, or cause to be set on fire, any grass, grain, stubble, or other material being or growing on land within the city.
5. Intentionally or negligently allow fire to escape from the person's own land, or land of which the person is in possession or control.
6. Accidentally set any fire on the person's own land or the land of another and allow it to escape from control without extinguishing it or using every reasonable effort to do so.
6. Know of a fire burning on the person's own land, or land of which the person is in possession or control and fail or neglect to make every reasonable effort to extinguish it, regardless of whether or not the person is responsible for the starting or the existence of the fire.

B. Violators are subject to penalties pursuant to chapter 1.04.095 of this code, and 15.12.10 (C) of this chapter.

Gresham, Fairview, Wood Village

FIRE DEPARTMENT

Total Annual Incidents for City of Troutdale

2022 and 2023

FIRES	Search for Lost Person	CANCELED / GOOD INTENT
Structure Fires	341 Search for person on land	Dispatched and Canceled En Route
111 Building fire	342 Search for person in water	611 Dispatched & canceled en route (Only Use Action Taken Code 89 Canceled En Route)
112 Fires in structures other than in a building	343 Search for person underground	Wrong Location, No Emergency Found
113 Cooking fire, confined to container	351 Eviction of victim(s) from building/structure	621 Wrong location
114 Chimney or flue fire, confined to chimney or flue	352 Eviction of victim(s) from vehicle	622 No incident found at dispatch address
115 Incinerator overload/malfunction, fire confined	353 Removal of victim(s) from stalled elevator	Controlled Burning
116 Fuel burner/boiler malfunction, fire confined	354 Trench/below grade rescue	631 Authorized controlled burning
117 Commercial compactor fire, confined to rubbish	355 Confined space rescue	632 Prescribed fire (prior written, approved fire plan)
118 Trash/rubbish fire in a structure, contained	356 High angle rescue	Proximity Alarm (i.e. Smell of smoke several blocks from a 111)
Fires in Mobile Property Used as a Fixed Structure	357 Eviction of victim(s) from machinery	Steam, Other Gas Mistaken for Smoke
121 Fire in motor home, camper, RV, fixed location	Water or Ice-related Rescue	651 Smoke scare, odor of smoke, not steam
122 Fire in portable building, fixed location	361 Swimming/recreational water area rescue	652 Steam, vapor, fog or dust thought to be smoke
Mobile Property (Vehicle) Fires	362 Ice rescue	653 Smoke from barbecue, tar kettle (not hostile fire)
131 Passenger vehicle fire	363 Surf water rescue	EMS Call Where Party Has Been Transported
132 Road freight or transport vehicle fire	364 Swift rescue	661 EMS call, patient transported prior to arrival
133 Rail vehicle fire	365 Watercraft rescue	Hazmat Release Investigation w/ No HazMat
134 Water vehicle fire	Electrical Rescue	672 Biological hazard, none found
135 Aircraft vehicle fire	371 Electrocuting or potential electrocution	FALSE ALARM / FALSE CALL
136 Self-propelled motor home or RV fire	372 Trapped by power lines	Malicious, Mischievous False Alarm
137 Camper or trailer fire (not self-propelled)	381 Rescue or EMS standby; hazardous conditions	711 Municipal alarm system, malicious false alarm
Natural Vegetation Fires	HAZARDOUS CONDITION (NO FIRE)	712 Direct tie to FD, malicious false alarm
141 Forest, woods, or wildland fire	Combustible/Flammable Spills & Leaks	713 Telephone, malicious false alarm
142 Brush or brush-grass mixture fire	411 Gasoline or other flammable liquid spill, Class I	714 Central station, malicious false alarm
143 Grass fire, includes fire confined to area	412 Gas leak (natural gas or LPG)	715 Local alarm system, malicious false alarm
Outside Rubbish Fires	413 Oil or other combustible liquid spill, Class II or III	Bomb Scare
151 Outside rubbish, trash, or waste fire	421 Chemical hazard (no spill or leak)	721 Bomb scare (no bomb)
152 Garbage dump or sanitary landfill fire	422 Chemical spill or leak	System or Detector Malfunction
153 Construction or demolition landfill fire	423 Refrigeration leak	731 Sprinkler activation, system malfunction/failure
154 Dumpster or other outside trash receptacle fire	424 Carbon monoxide incident	732 Extinguishing system activation, malfunction
Special Outside Fires	Radioactive Condition	733 Smoke detector activation, malfunction
160 Special outside fire, other (mulch, compost)	431 Radiation leak, radioactive material	734 Heat detector activation, malfunction
161 Outside storage fire on residential/commercial/industrial property	Electrical Wiring/Equipment Problem	735 Alarm system activation, malfunction
162 Outside equipment fire	441 Heat from short circuit (wiring), defective/worn insulation	736 CO detector activation, malfunction
163 Outside gas or vapor combustion explosion	442 Overheated motor or wiring	Unintentional System/Detector Operation (No Fire)
164 Outside mailbox fire	443 Breakdown of light ballast	741 Sprinkler activation, no fire (unintentional)
Cultivated Vegetation, Crop Fires	444 Power line down	742 Extinguishing system activation
171 Cultivated grain or crop fire	445 Arcing, shorted electrical equipment	743 Smoke detector activation, no fire (unintentional)
172 Cultivated orchard or vineyard fire	Biological Hazard	744 Detector activation, no fire (unintentional)
173 Cultivated trees or nursery stock fire	451 Biological hazard, confirmed or suspected	745 Alarm system activation, no fire (unintentional)
OVERPRESSURE RUPTURE, EXPLOSION, OVERHEAT (NO FIRE)	Accident, Potential Accident	746 Carbon monoxide detector activation (no CO)
Overpressure Rupture From Steam (No Fire)	461 Building or structure weakened or collapsed	Biological Hazard
211 Overpressure rupture of steam pipe or pipeline	462 Aircraft standby	751 Biological hazard, malicious false report
212 Overpressure rupture of steam boiler	463 Vehicle accident, general cleanup	SEVERE WEATHER & NATURAL DISASTER
213 Steam rupture of pressure or process vessel	Explosive, Bomb Removal	Severe Weather & Natural Disaster
Overpressure Rupture From Air or Gas (No Fire)	471 Explosive, bomb removal (bomb scare use 721)	811 Earthquake assessment, not rescue/other service
221 Overpressure rupture of air or gas pipe/pipeline	Attempted Burning, Illegal Action	812 Flood assessment, not water rescue
222 Overpressure rupture of boiler from air or gas	481 Attempt to burn (Complete failure)	813 Winded storm, tornado/hurricane assessment
223 Air or gas rupture of pressure or process vessel	482 Threat to burn	814 Lightning strike (no fire), includes investigation
Overpressure Rupture, Chemical Reaction (No Fire)	Person in Distress	815 Severe weather or natural disaster standby
231 Chemical reaction rupture of pressure/process vessel	311 Lock-out	SPECIAL INCIDENT TYPE
Explosion (No Fire)	312 Ring or jewelry removal, no transport to hospital	Citizen Complainant
241 Munitions or bomb explosions (no fire)	Water Problem	911 Citizen complaint, includes code violations
242 Blasting agent explosion (no fire)	321 Remove water from area	Animal Problem or Rescue
243 Fireworks explosion (no fire)	322 Water or steam leak, includes open hydrants	541 Animal problem
Excessive Heat, Scorch Burns with No Ignition	Smoke Problem	542 Animal rescue
251 Excessive heat, scorch burns with no ignition	331 Smoke or odor removal	543 Animal rescue
RESCUE & EMS	Animal Problem or Rescue	544 Animal rescue
Medical Assist	541 Animal problem	545 Animal rescue
311 Medical assist, assist EMS crew	542 Animal rescue	546 Animal rescue
Emergency Medical Service (EMS) Incident	543 Animal rescue	547 Animal rescue
321 EMS call, excluding vehicle accident with injury	544 Animal rescue	548 Animal rescue
322 Vehicle accident with injuries	545 Animal rescue	549 Animal rescue
323 Motor vehicle/pedestrian accident	546 Animal rescue	550 Animal rescue
324 Motor vehicle accident with no injuries	547 Animal rescue	551 Animal rescue
Lock-in	548 Animal rescue	552 Animal rescue
331 Lock-in, includes vehicles (if lock-out, use 511)	549 Animal rescue	553 Animal rescue
