

The Program

The Troutdale Community Enhancement Program had funds available for homeowner associations, City advisory committees, service clubs, schools, and other community non-profit groups, for enhancement projects that would have made improvements throughout the City.

The current program ends June 30, 2021. At the June 2020 grant award meeting the Committee awarded all the remaining funds, as well as those funds expected to be received in this final program year. There are no longer any funds available under the current program. No further applications will be solicited. It is not know at this time if a new program will be established with Metro in the future.

For more information on the status of this program, please visit Metro's [Community Enhancement Grants](#) webpage.
