

Sunrise Park Community Garden

UPDATE: ALL PLOTS IN THE COMMUNITY GARDEN HAVE BEEN RESERVED FOR 2024.

The Troutdale Community Garden was developed to provide an opportunity for residents to grow vegetables and flowers in a community setting. The garden is fenced to keep out animals — and non-gardening humans. The City will provide water, hoses, and all the mulch you'll need to grow your vegetables, fruit, and flowers.

Friday, March 1 is the first day that Troutdale residents can reserve their space in the garden for 2024. Any remaining plots will be made available to non-Troutdale residents on April 1, 2024.

Information and registration packets will be available online and at [City Hall](#). The cost is just \$25 for your own 9' x 4' plot. Payment must be made in person at City Hall and there is a limit of 1 plot per household until April 1 when unreserved plots will also be made available to non-Troutdale residents. There are only 19 plots and it's first come, first served, so don't miss out!

If you have any questions, please call Pepper Ann McAllister at 503-674-7225.

The Sunrise Park Community Garden is a project of the [Citizens Advisory Committee](#).

Key dates:

- **March 1:** Registration begins for Troutdale residents only
- **April 1:** Unreserved plots will be made available to non-Troutdale residents
- **April 1:** Water turned on for gardeners
- **November 1:** Water turned off
