Statement from Mayor Casey Ryan:

I wanted to reach out to you regarding the current situation we find ourselves in due to the Coronavirus. While all of our lives in the short term will be impacted by the measures that have been put in place by our state and federal governments, these measures are in our best interest and social distancing is the best thing we can do at this time.

Please know that the City is here for you. You should feel free to reach out to us if you have questions or need help. We feel your pain as we are all feeling the effects of these measures as well.

I care deeply about you and our community. Our future is bright, but right now we need to take this matter very seriously. We have posted a page that contains information and resources on the City website and City staff will strive to keep you updated.
