

<b>System</b>	<b>Current System Development Charge</b>
<b>Water</b>	<p style="text-align: right;">           3/4" Meter = \$ 7,619.00            1" Meter = 12,952.30            1 1/2" Meter = 25,142.70            2" Meter = 40,380.70            3" Meter = 76,190.00            4" Meter = 127,237.30            6" Meter = 253,712.70            8" Meter = 406,092.70            (No charge if meter is for fire only.)         </p>
<b>Sanitary Sewer</b>	<p>\$ 9,891 per equivalent residential unit.</p>
<b>Storm Water</b>	<p>\$ 0.5256 per square foot of impervious surface. All single family detached homes (SFD) are set at 2,700 SF of impervious area, which equates to \$1,419 for an SFD. (The Halsey LID area is exempt.)</p>
<b>Transportation</b>	<p>\$1045 per P.M. Peak Hour Trip End. A single family detached home (SFD) generates 0.99 P.M. Peak Hour Trip Ends. The cost per SFD is therefore \$1034.55. (Facilities existing on July 11, 1995, are not assessed a fee for a change in use but are charged for any expansions.)</p>
<b>Parks</b>	<p>\$2,500 per housing unit</p>
